

Making the Most of a Middle School Tour

Not sure what to ask on a school tour?

Kids (and parents) can feel shy or hesitant about what to ask on a school tour. Help your child engage with the process with these key questions compiled by Greene Hill School administrators and teachers.

- What is your favorite part of being a student at this school?
- What time does the school day start and end?
- How many students are in each grade? How many students are in each different class?
- What subjects do you take in (6th, 7th or 8th) grade?
- What are the teachers like? Do they know who you are?
- Do you work in small groups to do interesting projects or do you mostly work individually?
- Do middle school students have an advisor or an advisory program? Do you have the same advisor for all of middle school?
- Do you go on a lot of field trips? Where have you gone this year?
- Do you play sports at this school?
- What kind of art classes do you have?
- What languages can you study?
- What is the hardest part about being a middle school student?
- What does a typical night of homework look like? How long does it take you to do your homework?
- What happens if you need extra help in a particular class?
- Why did you choose to come to this school?
- What advice do you have for someone getting ready to start Middle School?
